1. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest the invention of independent claims 1, 13, , 18, 22, 32 and 37, as it fails to teach the specified combination of formation sensed derived data types in the required method or system processing steps and their relationships for generating the formation radial profile, the radial stress profile therefrom, and the relationships with determined or estimated formation stresses/strengths. The prior art lacks the motivation to combine various component feature teachings of plural types of data measurements and modeling of formation strength properties.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Attached find copies of IDS statements dated 10/06/03, 10/14/03, 10/24/03, and 08/06/04.
